## PARTNER SUMMIT 2014

CrownPeak Customer Success and Product Teams

CrownPeak Partners and Developers

## FUNDAMENTALS

## INNOVATIONS & INTEGRATIONS

830AM

Breakfast

9AM

Introduction  
Cameron Lim and Greg Aimone

930AM

**Lab: Creating great authoring experiences**  
Step by step exercises on best practices for folder, preview, ICE, and model configuration.  
**Denise Duncan**

**Demo: Component Library**  
This extension provides a process to define re-usable template components that provide approved and repeatable "patterns".  
**Fahd Shaaban**

1030AM

**How to: Dynamic Content Delivery**  
Integrate .NET applications using databases in the decoupled architecture.  
**Jeff Young**

**Q&A - Site and Instance creation:**  
Bring your questions **Fahd Shaaban**

**FUNDAMENTALS**

**INNOVATIONS & INTEGRATIONS**

1130AM

Q&A - Extensions: Bring your questions  
**Fahd Shaaban**

Q&A - Hosting & Publishing: Bring your questions  
**Adrian Newby & Denise Duncan**

Showcase  
Demonstrate through customer examples what is possible above and beyond content management.  
**Tim Griffiths**

1230PM

Lunch

130PM

Lab: WCO Basics  
Hands on session to learn the basics of WCO including CMS input integration, and creating testing and targeting snippets.  
**Tim Griffiths & Denise Duncan**

How to: Integrations  
Integrations are possible on your website or in your CMS, WCO or Search configuration. This session shows what is possible.  
**Fahd Shaaban**

230PM

How to: Importing and Exporting Data  
Learn how to import data from external sources with OOTB features or custom code. Learn how to take advantage of the publishing architecture to export data.  
**Paul Taylor**

Demo: CrownPeak Extensions  
Explore the possibilities enabled by extensions like TMF, Content Distribution Framework, Release manager, and Blog to name a few  
**Fahd Shaaban**

**FUNDAMENTALS**

**INNOVATIONS & INTEGRATIONS**

330PM

Q&A - Dynamic Sites: Bring your questions  
**Paul Taylor**

Q&A - API updates: Bring your questions  
**Richard Lund & Mark Kelly**

345PM

Lionbridge  
Partner Presentation

4PM

Template Optimizations and Hacks  
**Denise Duncan & Fahd Shaaban**

Customer Success  
**Greg Aimone**

5PM

Drinks & Reception

**TOOLS & FEATURES**

**DEVELOPER  
EXPERIENCE**

830AM

Breakfast

9AM

Introduction  
Cameron Lim and Greg Aimone

915AM

Epsilon  
Partner Presentation

1015AM

**Demo: Rapid Content Creation**  
Tools for creating derived content or entire sites like the new Site Builder extension.  
**Fahd Shaaban**

**Demo: Product Updates**  
Overview of product updates since January 2014  
**Patrick Desbrow**

**TOOLS & FEATURES**

**DEVELOPER EXPERIENCE**

1115AM

Q&A – Dynamic Sites: Bring your questions  
**Paul Taylor**

Q&A – API Updates: Bring your questions  
**Richard Lund & Mark Kelly**

1130AM

How to: Decoupled Architecture with MVC  
Deploy an ASP.NET MVC application from the CMS applying best practices for the best user experience  
**Paul Taylor**

Discussion: Product Roadmap  
Overview of roadmap and discussion of improvements for the developer community  
**Patrick Desbrow**

1230PM

Lunch

130PM

How to: Search G2  
The next generation of search, how it works and how to get it.  
**Paul Taylor & Richard Lund**

Demo: Developer Experience  
See the Visual Studio plug-in as well as new project and debugging tools.  
**Patrick Desbrow**

**TOOLS & FEATURES**

**DEVELOPER  
EXPERIENCE**

230PM

**Discussion: Advanced Hosting**

Overview for today's hosting offering and the vision for the future  
**Adrian Newby**

**Discussion: Path to Services Library**

How developer innovations are tested, approved and added to the API  
**Denise Duncan & Richard Lund**

330PM

**Closing Remarks**

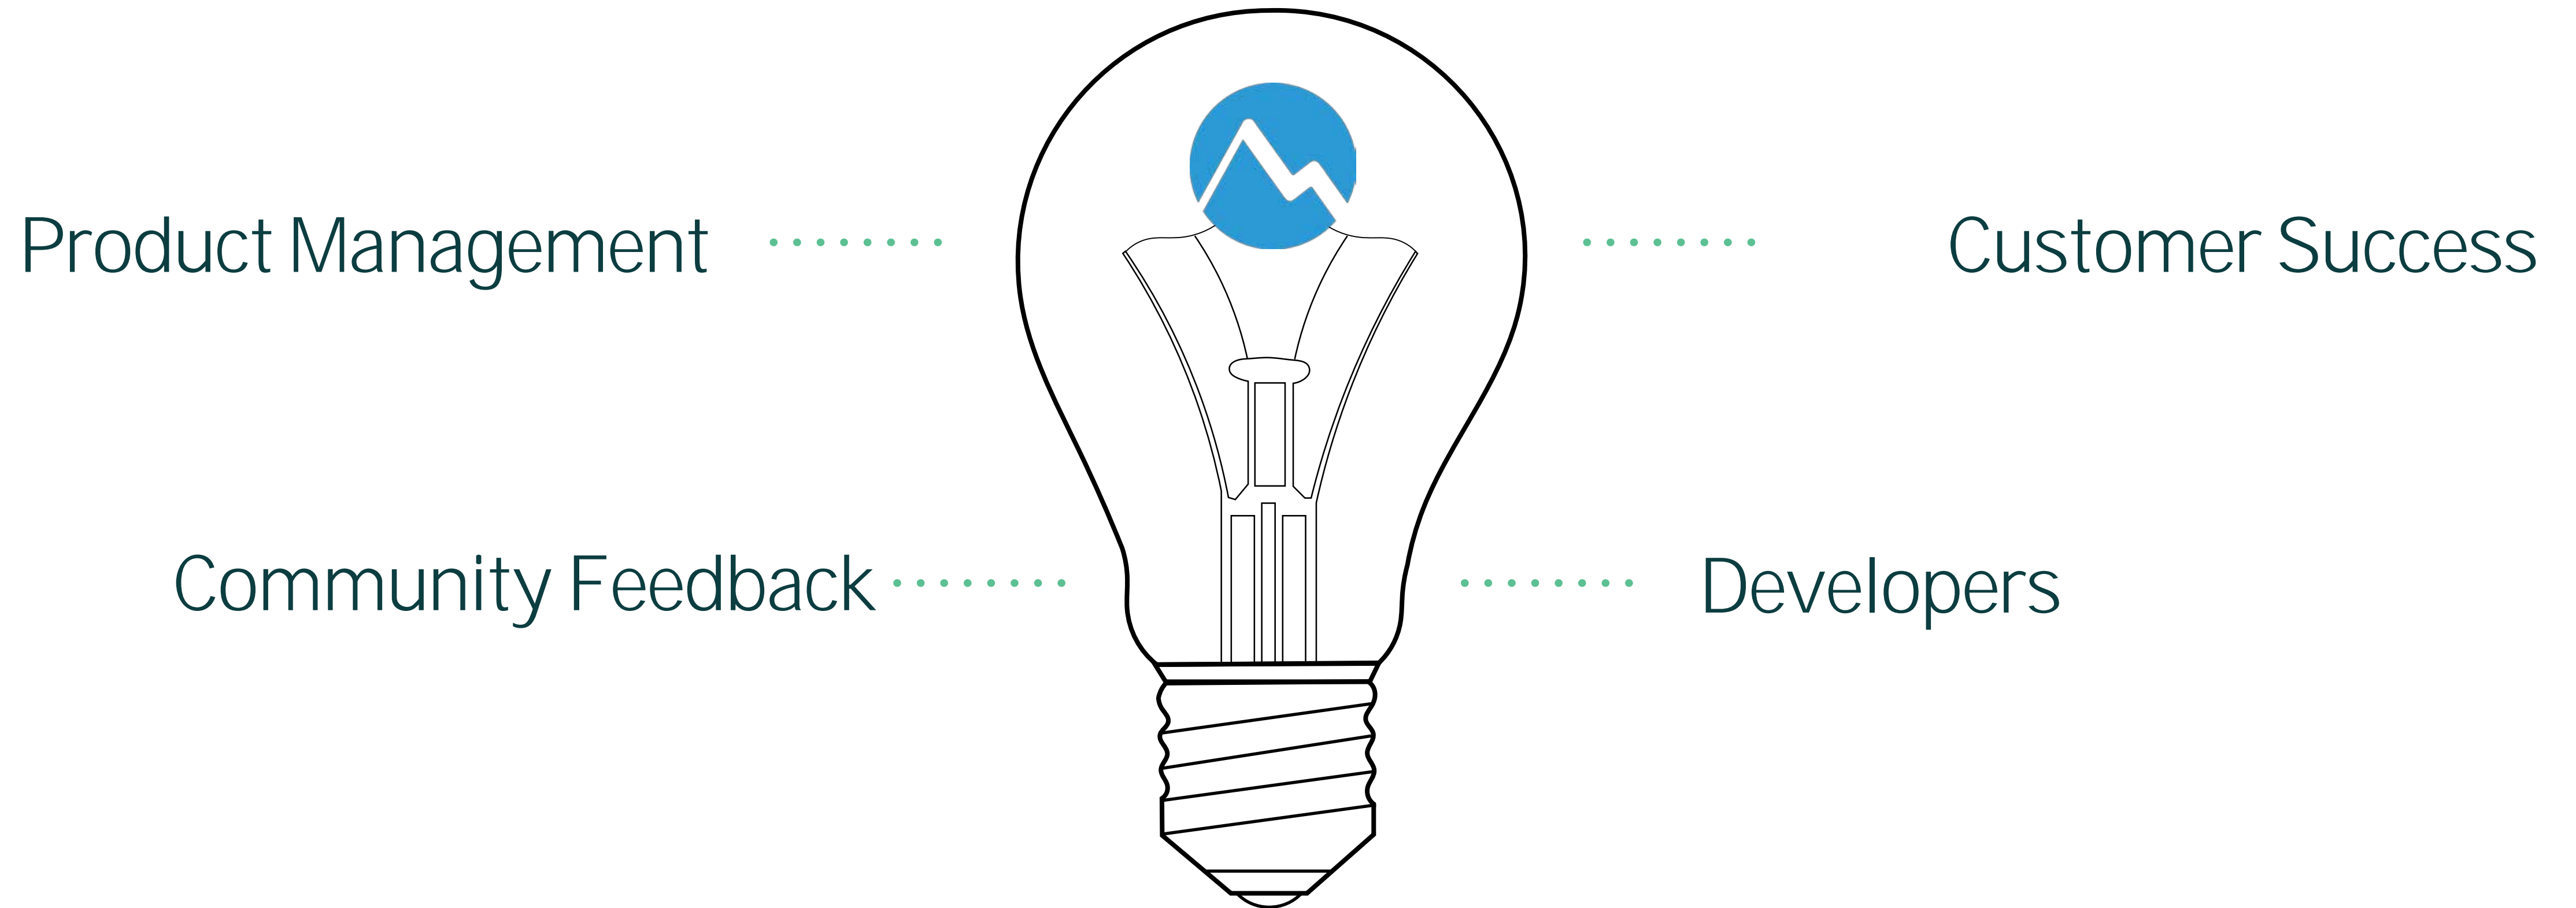

**Before we go...**

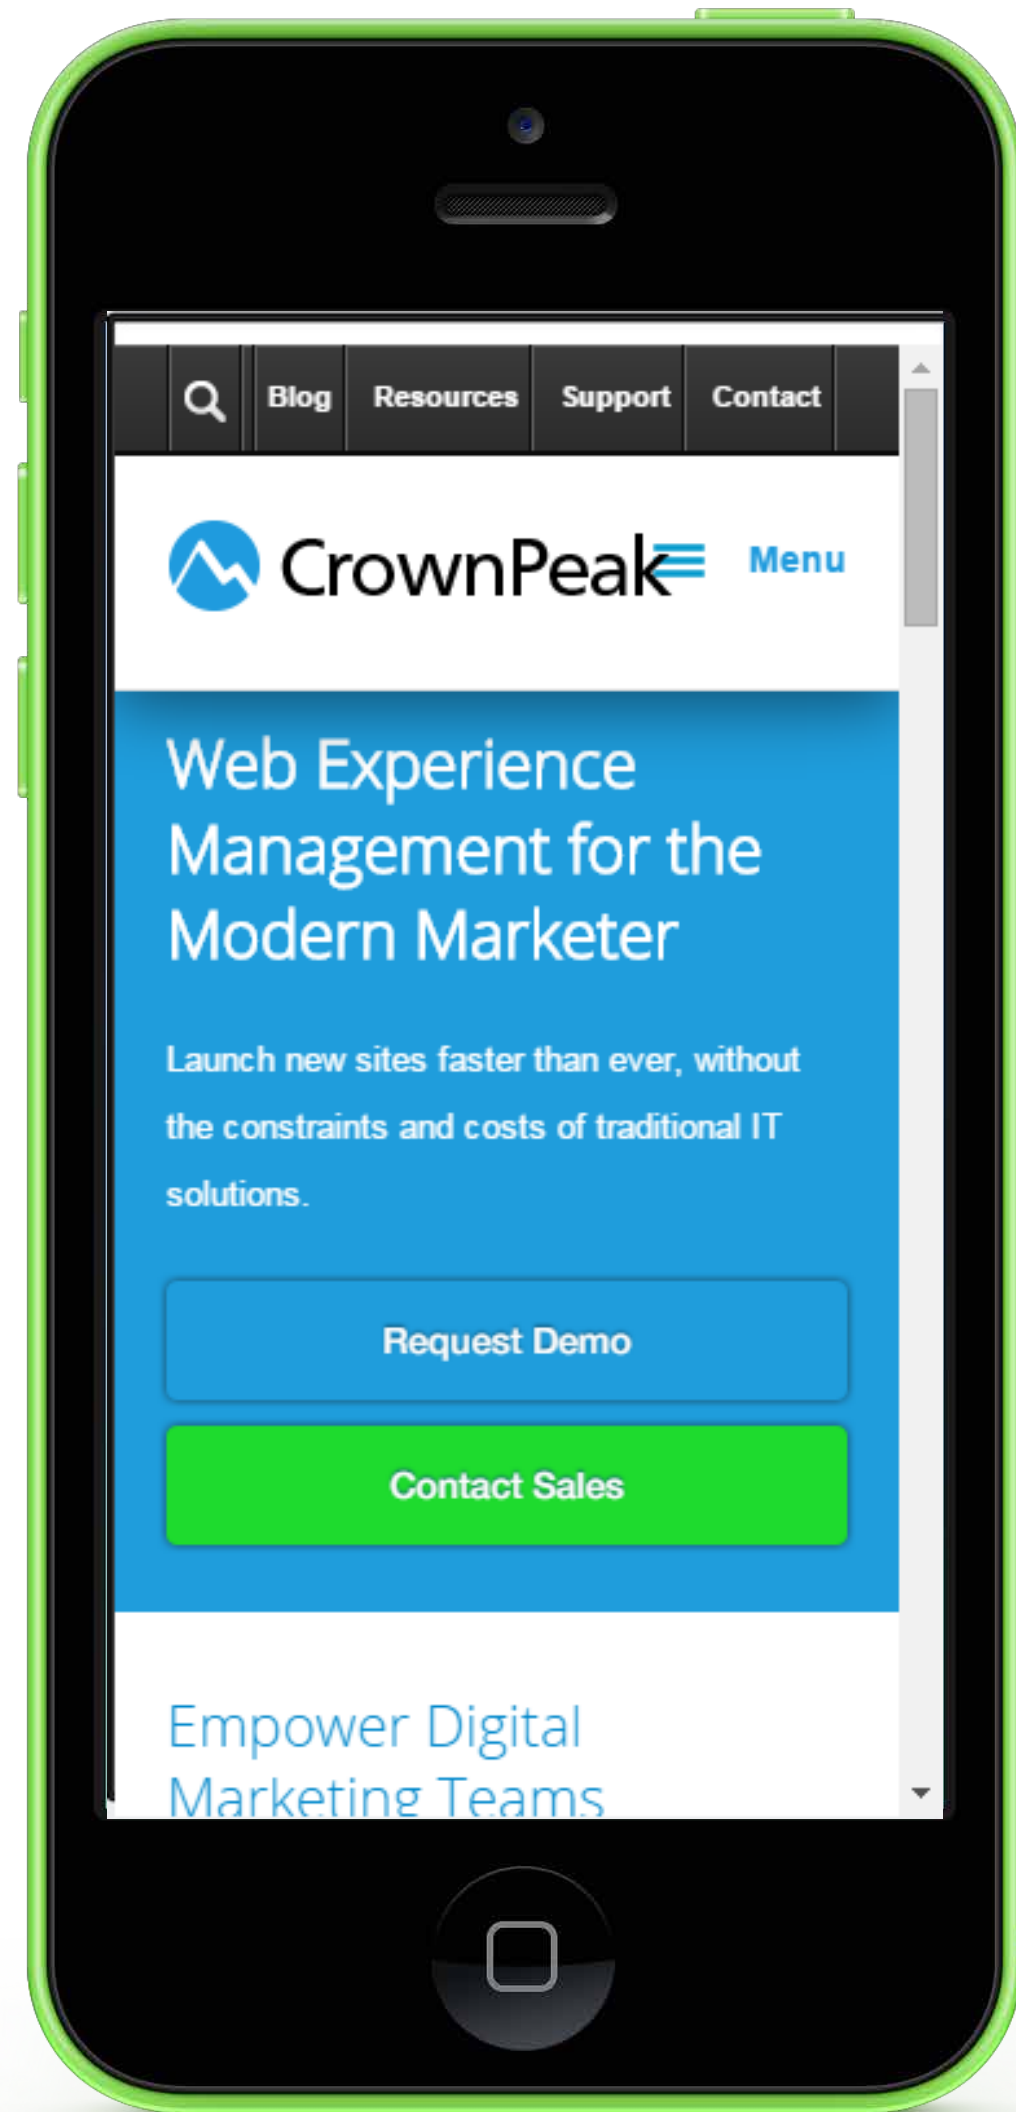

**Your Feedback**

# We want your feedback!

We are here to hear your ideas and requests.
