INPUT CONFIGURATION

The screenshot shows a website configuration interface for Pharmaceutical C.M.S. The page layout includes a header with the company logo and navigation links (About Us, Press, Blog, Products). The main content area is divided into several sections, each with a colored border indicating its configuration status:

- Hero Section:** A large blue banner with the headline "Imagine A Better Today" and the sub-headline "Good health is vital to all of us." (Red border).
- News Section:** Two columns of news items. The left column features "Annual Report 2015" and the right column features "In the News" (Red border).
- Press Releases Section:** A section titled "Press Releases" containing two article snippets: "FDA Announces New Guidelines Stage" and "Pharmaceutical C.M.S. Announces New Website" (Green border).
- Testimonial Section:** A large yellow banner with the headline "Customers Speak Out" and the sub-headline "of our customers are saying about P.C.M.S." (Yellow border).
- Footer:** A dark blue footer containing copyright information and a disclaimer (Blue border).

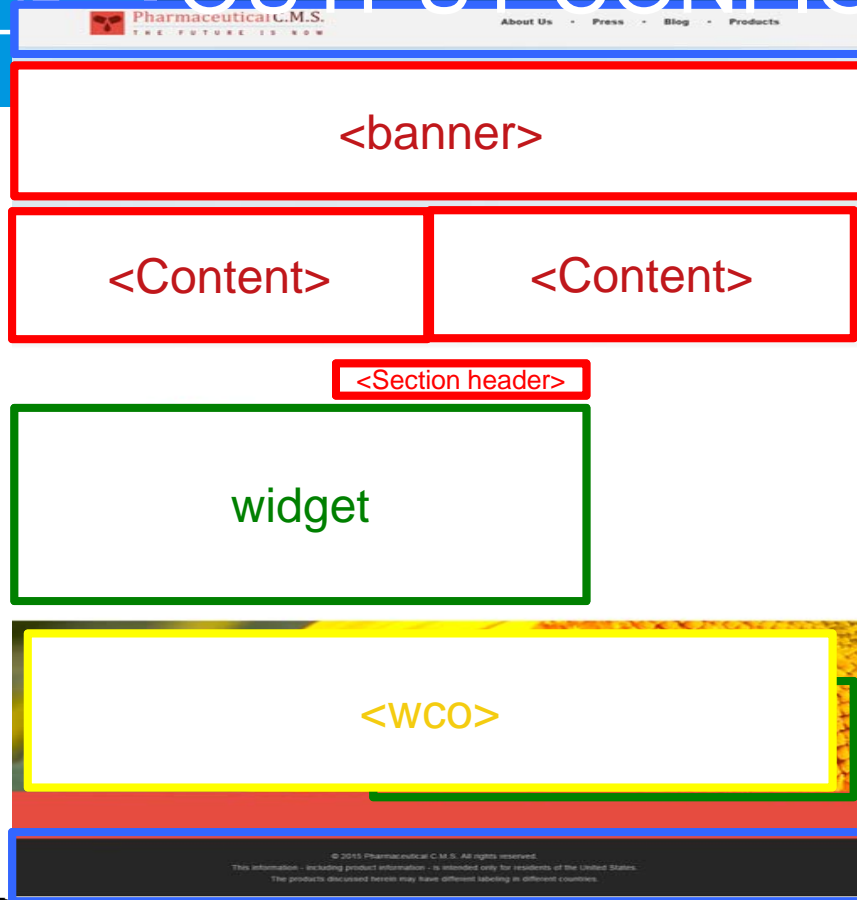

At the bottom of the configuration tool, there are two buttons: "cancel" and "Save".
